Part A: Pupil premium strategy plan

Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy, is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

Our ultimate objectives are:

- To narrow the attainment gap between disadvantaged and non-disadvantaged pupils.
- For all disadvantaged pupils to make or exceed nationally expected progress rates.
- To support children's health and wellbeing to enable them to access learning.
- To promote opportunities for disadvantaged pupils to improve their cultural capital and attend a broad range of extracurricular enrichment activities.
- To support pupils in developing their character to aid their growth in resilience, independence and aspiration, readying them for their next stages and life beyond Newcroft.

We carefully consider the challenges faced by our disadvantaged pupils, by assessing individual barriers to learning as an element of our approach. We also ensure that the premium supports all vulnerable or disadvantaged pupils or those we recognise to be on the cusp of this, irrespective of whether they are eligible for funding or not. As a result, we seek opportunities wherever possible, to expand support so that other vulnerable pupils or groups may also benefit from a wide range of strategies, interventions and opportunities.

We recognise that high quality teaching is the fundamental driver in closing the disadvantage gap and in raising aspirations. Our school uses the EEF's Guide to the Pupil Premium, alongside other research based evidence, to support leaders in making decisions about how to tackle the barriers that stand in the way of disadvantaged pupils.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Internal assessments indicate that disadvantaged pupils are not making as rapid progress in reading, writing and maths as non-pupil premium children.
2	Disadvantaged pupils entering school in Reception generally have lower attainment in English, with oracy, reading and vocabulary skills below or well below their non disadvantaged peers.
3	The attendance of disadvantaged pupil's vs non disadvantaged is often lower and persistent absence is higher.
4	Many disadvantaged pupils have a lack of cultural capital and enrichment opportunities outside of school.
5	Many disadvantaged pupils have lower expectations and aspirations of what they can achieve.
6	Many parents and carers of disadvantaged pupils are less engaged with school- e.g. completing homework, attending parents' evenings, attending parent workshops and school community events.

Intended outcomes

This explains the outcomes we are aiming for by the end of our current strategy plan, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Narrow the attainment gap in EYFS Good Level of Development between disadvantaged and non-disadvantaged pupils.	The gap between disadvantaged pupils and non-disadvantaged pupils narrows in EYFS GLD. EYFS GLD for disadvantaged pupils is in line with national or better.
Narrow the attainment gap in the Phonics Screen Check Pass between disadvantaged and non-disadvantaged pupils.	The gap between disadvantaged pupils and non-disadvantaged pupils narrows in the Phonics Screen Check. Phonics Screen Pass for disadvantaged pupils is in line with national or better.
